Data Schemas & Models

Schema: FinalizeUploadResponse

Field	Type	Required
status	string	No
message	string	No

Schema: Location

Field	Type	Required
latitude	number	No
longitude	number	No
elevation	number	No

Schema: ScanMetadata

Field	Type	Required
location	Location	No
operator_id	string	No
notes	string	No

Schema: SessionResponse

Field	Type	Required
session_id	string	Yes
upload_url	string	Yes
status	StatusEnum	No

Schema: StartSession

Field	Type	Required
project_id	string	No
scanner_id	string	Yes
timestamp	string	No
sensors_used	object	No
expected_size_mb	number	No

Schema: StatusEnum

Schema: TokenObtainPair

Field	Type	Required
username	string	Yes
password	string	Yes
access	string	Yes
refresh	string	Yes

Schema: TokenRefresh

Field	Type	Required
access	string	Yes
refresh	string	Yes
